## Conquest Graphics 3.5x2 Business Card

Place this template in a separate layer  
in your layout program and delete or turn off  
before sending/exporting your file.

Trim —————→  
Edge of page.

←————— **Margin**

For best results keep text  
and images that must be  
seen and read at least  
1/8" from edge of page.

**Bleed** —————→

For borderless edges, extend images, photos and/or solid background colors 1/8" beyond the edge of the page. This area (yellow) will be trimmed during the finishing process. It should not contain any information you intend to be seen or read.
