

Trim

Edge of page.

Conquest Graphics A2 Envelope

Place this template in a separate layer in your layout program and delete or turn off before sending/exporting your file.

Margin

For best results keep text and images that must be seen and read at least 1/8" from edge of page.

Bleed

For borderless edges, extend images, photos and/or solid background colors 1/8" beyond the edge of the page. This area (yellow) will be trimmed during the finishing process. It should not contain any information you intend to be seen or read.
